## About the Section

The Competition Section is a subscription-based Law Society membership group. It promotes knowledge and awareness of competition law developments and addresses current issues and challenges facing competition law practitioners

Membership provides a tailored package of SRA continuing competency support through guidance on legal and market developments and peer networking.

To design the programme of member support, the Section receives recommendations from the Competition Section Advisory committee and the wider membership including through feedback from surveys, on line discussion groups and events, etc. Our emphasis is to give our members guidance from experts in their fields who have day-to-day experience of dealing with the issues covered and can provide them with practical experience to assist with their unique challenges.

Our rolling programme is delivered through a range of inclusive activities including seminars, webinars, podcasts, e-newsletters, website and our LinkedIn group, plus members receive discounts for related conferences, webinars and publications such as our Competition Section annual conference.

## Foreword

### **Welcome to the Law Society's Competition Section 2019-20 engagement programme.**

The Competition Section promotes knowledge and awareness of competition law developments and addresses current issues and challenges facing competition law practitioners. The Section Advisory Committee's role is to provide expert practitioner input, guiding the Law Society on identifying issues, generating content and hosting a wide variety of events, to ensure the engagement programme is both relevant and practical.

With this in mind, the committee is keen to engage with the wider competition community and to hear from you, our members, to assist us in designing our events and selecting seminar topics. If there are topics we are not covering but should be, or ways of engaging with our members that we are missing, please let us know.

Please get in touch by emailing [competitionsection@lawsociety.org.uk](mailto:competitionsection@lawsociety.org.uk) to give us your thoughts, seek our support or just to connect.

This brochure/engagement programme will provide an overview of the plans for the year but is subject to change so please refer to our website for the latest updates.

Chair of the Competition Section Advisory Committee and partner, Jones Day.

## Horsfall Turner essay prize

The Horsfall Turner essay prize is a prestigious award presented to the best essay submission by a trainee solicitor on a given topic every year. It is designed to encourage young lawyers to engage with competition and European law.

The first prize is £1,000 plus one (or two) highly commended prize/s of £250. All winners are invited as guests to the Competition Section's Annual Dinner, where their prizes are presented by the keynote speaker which this year will be Christina Blacklaws.

### [2019 Horsfall Turner essay question](#)

Earlier this year, experts from the European Commission (EC) and a UK Digital Competition Expert Panel both made recommendations to adapt competition law and policy to the challenges of the digital era. Do you think the EC was right to propose a presumption of anti-competitive conduct, effectively shifting the burden of proof for pro-competitive benefits onto platform operators?

**Entry deadline:** Monday 21 October 2019 - 12 Noon

Please visit our website to read the 2018 winner's essay or see photos of the night.
